

ATTENTION TEACHERS

MOSQUITO ABATEMENT SCHOOL PROGRAMS

The mosquito abatement districts in Fresno County have programs designed to promote awareness of the importance of mosquito control. District representatives can present these programs in the classroom and cover such topics as:

1. Mosquito life cycle
2. The different kinds of mosquitoes
3. Diseases transmitted by mosquitoes
4. Mosquito breeding areas
5. Mosquito control techniques

Presentations may include videotapes, visual displays, handouts, and hands-on study kit materials. Representatives may also be available for career days.

Reservations may be made by contacting your local mosquito abatement district.

Fresno Mosquito and Vector Control District	268-6565
Fresno Westside Mosquito Abatement District	659-2437
Consolidated Mosquito Abatement District	896-1085
